Playing Rules - Readers 20/20 Competition

1. Duration

- 1.1. One innings per side, each limited to a maximum of 20 overs.
- 1.2. In a match that has a delayed start or is interrupted each side must have faced (or had the opportunity to face) a minimum of 5 overs to constitute a match.

2. Hours of Play

- 2.1. The recommended start times where there are no interruptions shall be 10.00am, 1.15pm and 4.30pm, subject to a minimum of 30 minutes between the 2nd and 3rd matches. The Close of Play for the purpose of clause 4 shall be agreed between the captains and the umpires and shall not be later than 8pm. In the event of disagreement, the umpires' decision will be final.
- 2.2. The interval between innings shall be 10 minutes.

3. Over Rate

- 3.1. The fielding side must be in position to bowl the first ball of the 20th over within 75 minutes of playing time.
- 3.2. In the event of them failing to do so, one fewer fielder shall be permitted outside the fielding restriction area in 6.2 and 6.3 than would normally be the case in the Powerplay overs in progress at the time. All penalties in this regard will be imposed at the end of the over in progress when the scheduled or re-scheduled cessation time for the innings was exceeded. The full quota of overs will be completed.
- 3.3. In reduced over matches, the fielding side has a one over leeway in addition to any time that the umpires may allow for stoppages.
- 3.4. Umpires are instructed to apply a strict interpretation of time wasting by the batters (5 run penalties). Batters are expected to be ready for the start of a new over as soon as the bowler is ready to bowl.
- 3.5. Time may be added at the discretion of the umpires for any stoppage or delay in play. When the umpires agree that time is to be allowed for a stoppage, they shall inform the captain of the fielding side of the time to be allowed at an appropriate opportunity. For frequent moving of the sightscreens, the batting side shall assume responsibility unless other arrangements have been made.

4. Delayed Start and Interruptions

- 4.1. The objective of rearranging overs is to give the greatest opportunity for a match of equal overs. If, in the view of the umpires, taking into account the prevailing ground, weather and light conditions, it is considered unlikely that the full quota of overs will be bowled in any match it is recommended that a pre-emptive decision is made to reduce overs in both innings equally. Any reduction in the number of overs shall be at the sole discretion of the umpires.
- 4.2. If there is a delayed start to, or interruptions occur in, either the first or second game, the umpires shall be responsible for determining if any overs are to be deducted, having regard for the available playing time for all matches scheduled for the day. If overs are to be reduced, the calculation shall be based on one over for every complete four minutes of playing time lost, with a view to making all remaining games scheduled of approximately equal length.

- 4.3. If only one match remains in the day: one over for every 4 minutes of the total time available for play up to the scheduled close of play, allowing 10 minutes for the Interval between innings. In any calculation of overs remaining, the number of overs to be received by the side batting second shall not exceed the number of overs available to the side batting first.
- 4.4. The DLS Method will be used to calculate the target score of the side batting second using the DLS regulations as provided by the League to every club. The umpires shall agree with the scorers and shall inform the captains of the target score before play is resumed. In the event of a miscalculation of the target score, the original score shall not be altered once the captains have been informed. The target score shall be displayed clearly on the scoreboard.

5. Timed Out

The incoming batter must be in a position to take guard, or for his/her partner to be ready to receive the next ball, within 1 minute 30 seconds of the fall of the previous wicket. Any infringement of this rule shall result in the incoming batter being dismissed Timed Out by the umpires. An appeal by the fielding side is not required.

6. Fielding Restrictions

- 6.1. Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards. The ends of each semi-circle shall be joined to the other by a straight line drawn on the field on the same side of the pitch. The fielding restriction area should be marked by 'dots' at five-yard intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring seven inches in diameter.
- 6.2. For the first 6 overs of each innings, at the instant of delivery, no more than 2 fielders shall be permitted to be outside the field restriction marking defined in 6.1.
- 6.3. After the first 6 overs of each innings, at the instant of delivery, no more than 5 fielders shall be permitted to be outside the field restriction marking.
- 6.4. Throughout the innings, at the instant of delivery, no more than five fielders shall be permitted to field on the leg side.
- 6.5. In circumstances when the number of overs of the batting team is reduced, the restrictions in 6.2 and 6.3 shall be reduced in accordance with the table below.

Overs in match	Number of overs with fielding restrictions
5 - 6	1
7 - 9	2
10 - 13	3
14 -16	4
17 -19	5

7. Overs Per Bowler

- 7.1. No bowler may bowl more than 4 overs. In a match with an innings of less than 20 overs, no bowler may bowl more than one fifth of the total overs available.

Where the total overs are not divisible by 5, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance.

- 7.2. If a reduction in overs results in one or more bowlers having exceeded the newly calculated maximum, then the umpires shall calculate the overs allowed for the remaining bowlers. If the interruption occurs mid-over and upon resumption that bowler has exceeded the new maximum allocation, that bowler shall be allowed to finish the incomplete over.
- 7.3. In the event of a bowler breaking down and being unable to complete an over, another bowler will bowl the remaining balls. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.
- 7.4. Where possible, the number of overs bowled by each individual bowler shall be indicated on the scoreboard, from the commencement of an innings.

8. No Ball

- 8.1. Underarm bowling is not permitted. If a bowler bowls a ball underarm the umpire shall call and signal 'No Ball' and follow the procedures in law 21.3.
- 8.2. Law 41.6 (Bowling of dangerous and unfair short pitched deliveries) shall apply with the following additions:
 - a) Irrespective of how wide of the striker a delivery is, the bowler shall be limited to one delivery per over that clearly passes or would have passed over shoulder height of the striker standing upright at the crease.
 - b) The umpire shall inform the bowler and the batters at the wicket when a delivery under 8.1.1 has been bowled. It is unfair if the limit is exceeded, and the umpire shall call and signal 'No Ball' on each such occasion.
 - c) Law 41.6.5 shall not apply; warnings under law 41.6.3 shall be added to any warnings under 41.7.1 and action taken in accordance with Law 41.6.4.
- 8.3. Law 41.7 (Bowling of dangerous and unfair non-pitching deliveries) shall apply with the following amendment:
 - a) Law 41.7.3 shall not apply. Any warnings applied in Law 41.7.1 shall be added to any warnings applied in Law 41.6.3 and action taken in accordance with Law 41.7.2.
- 8.4. The delivery following a No Ball shall be a free hit for whichever batter is facing it. Note: this applies to all modes of No Ball except for the first short pitched delivery that passes or would have passed clearly over head-height of the striker standing upright at the popping crease. For clarity, such a delivery to be called a No Ball and considered the one short pitched delivery for the over.
- 8.5. If the delivery for the free hit is not a legitimate delivery (any kind of No Ball or a Wide Ball) then the next delivery will become a free hit for whichever batter is facing it.
- 8.6. For any free hit, the striker can be dismissed only under the circumstances that apply for a No Ball, even if the delivery for a free hit is called a Wide Ball.
- 8.7. Field changes are not permitted for free hit deliveries unless there is a change of striker, or the No Ball was the result of a field restriction breach in which case the field may be changed to the extent of correcting the breach. However, in all circumstances, any fielder within 15 yards of the striker may retreat to a position on the same line no more than 15 yards from the striker.

- 8.8. When the ball is dead and after signalling 'No Ball' to the scorers, the bowler's end umpire will call and signal a free hit by extending one arm straight upwards and moving it in a circular motion.
- 8.9. The free hit delivery counts as a ball in the over unless it in turn is a Wide Ball or a No ball.

9. Wide Ball

- 9.1. Umpires are instructed to apply a very strict and consistent interpretation regarding this Law to prevent negative bowling wide of the wicket.
- 9.2. A leg side wide shall be called if, irrespective of where the ball pitches, it passes outside the line of the striker and the leg stump, unless the striker moves as outlined below.
- 9.3. The interpretation to be followed for calling a wide when a switch hit or reverse sweep is played or the batter gets in a position to play the shot and then aborts it, is as follows:
From the moment the ball ceases to be dead, whenever a batter has changed their grip and/or their batting position as per Appendix A6.8 in the Laws (or feinted to do so) or has attempted a reverse sweep or switch hit, then they lose the tight definition of the leg side wide and the wide guidelines are employed on both sides of the wicket, not just the off side.
- 9.4. A ball that passes between the striker and the leg stump shall not be judged a wide.
- 9.5. An off side wide shall be called if, in the umpire's opinion, the delivery has passed between the 17-inch line and the return crease and the striker has not brought it within reach of a run-scoring stroke.

10. The Result

- 10.1. At the completion of an uninterrupted match, in which both sides have the opportunity to bat for the same number of overs:
- (a) the side scoring the highest number of runs shall be the winners.
 - (b) if the scores are level, then the side that has lost fewest wickets shall be the winners.
 - (c) if both sides have lost the same number of wickets, then the side with the highest score at the end of the 6th completed over shall be the winners.
 - (d) if still equal, then at the end of the 5th, 4th, 3rd, 2nd, and 1st completed over.
 - (e) If still equal, then rule 11 shall apply.
- 10.2. If, after an interruption in play after the start of the match, the number of overs to be received by either side is reduced to a lesser number than allocated before the start, then a target score shall be set for the side batting second to achieve. This will be calculated using the DLS Method as specified by the League.
- (a) If the target score is reached or exceeded, the side batting second shall be deemed to have won.
 - (b) If the par score is not reached, the side batting first shall be deemed to have won.

(c) If the par score is equalled, then rule 11 shall apply.
Such result shall be reported as "A win under the DLS method."

11. Super Over

A 'Super Over' will be bowled by each side as follows:

- 11.1. Each captain will nominate three batters and one bowler.
- 11.2. The side that batted second in the match shall bat first in the Super Over and face one over of six legitimate balls bowled by the nominated bowler. The other side shall bat second and face one over of six legitimate balls bowled by the nominated bowler.
- 11.3. If either side loses two wickets in its over then its innings will end. The winner will be the side which scores most runs.
- 11.4. If the scores are equal, then there will be a second super over with different batters and bowlers nominated under 11.1, except that a batter who has not commenced their innings may be nominated again.
- 11.5. The sequence of 11.1 to 11.4 will continue with the side batting first alternating until a result is achieved.
- 11.6. Fielding restrictions under rule 6.3 and 6.4 shall apply.
- 11.7. The umpires will allow 10 minutes between the end of the match and the Super Over and a maximum of 10 minutes between each Super Over.

12. Bowl Out

- 12.1. In the event of no result being obtained by other methods and where there is no reserve date on which to play the game, a bowl-out (outdoors or indoors) will take place to achieve a result. Five players from each side will bowl two over arm deliveries each at a wicket (conforming to Law 8) from a wicket pitched at a distance of 22 yards with, if practicable, bowling, popping and return creases marked (conforming to Law 7).
- 12.2. The side which bowls down the wicket (as defined in Law 29.1) the most times, shall be the winner. If the scores are equal, the same players will bowl one ball each alternately to achieve a result on a 'sudden death' basis.
- 12.3. The following shall also apply in respect of bowl-outs:
 - (a) The same suitably acceptable ball (not new) will be used by both teams. If this ball becomes wet, it may be changed subject to the umpires' approval.
 - (b) If a bowler bowls a No ball, it will count as one of the two deliveries but will not count towards the score of the team.
 - (c) If the original match has started, then the five cricketers nominated to take part in the bowl-out must be chosen from the eleven cricketers and 12th man selected to play in the match. If there has been no play in the original match (the toss has not taken place), the five cricketers may be selected from any of the players in the squad as registered on Play-Cricket.
 - (d) Each side will appoint a wicket-keeper to stand behind the wicket but out of reach of the stumps.
- 12.4. In the event of a bowl out not being possible, the result will be determined by the toss of a coin with both captains and their representatives present.
